THE WAITING LIST FOR A
HOUSING CHOICE VOUCHER REMAINS CLOSED

The Fluvanna/Louisa Housing Foundation administers the rental voucher program for both Louisa and Fluvanna Counties. New applications for vouchers were taken briefly in October 2014 and a new waiting list was established. Due to the volume of applications received, this waiting list was immediately closed and has remained so since then.

Due to a lack of funding for new vouchers, we have no way of knowing how long a family will remain on the waiting list before a voucher becomes available. Families currently on the waiting list are encouraged to keep their address information updated with our office. Any changes to your contact information must be reported in writing and can be mailed or faxed to our office address noted below.

Our current waiting list for vouchers remains very long. At this time we are estimating that the waiting list will remain closed for the next two to three years. By regulation we are not allowed to add names to the current waiting list.
